MINUTES OF THE  
LAFAYETTE HISTORIC PRESERVATION COMMISSION  
Council Chambers, City Hall  
December 15, 2025  
7:00 pm

**Attendance**

**Commission Members:** Ann Amato, Sean Lutes, Shawna McCully, Stephanie Rogers, Annie Schap, Alec Williams

**Absent:** Kevin Klinker, John Burns, Julie Ginn

**Staff in Attendance:** Dann Keiser, Historic Preservation Officer; Michelle Conwell, Administrative Coordinator

**Guest:** Jullian Ellison, Journal & Courier

**Call to Order**

Noting a quorum, Sean Lutes called the meeting of the Lafayette Historic Preservation Commission to order at 7:00pm.

**Approval of the Minutes**

Stephanie Rogers moved to recommend approval of the September 29, 2025 meeting minutes. Shawna McCully seconded the motion. The motion passed unanimously.

**New Business**

**Approval of the 2026 Calendar of Historic Preservation Commission & Committee Meetings:** Alec Williams moved to approve the 2026 Historic Preservation Commission & Committee meeting dates. Ann Amato seconded, and the motion passed unanimously.

**Public Relations & Education Committee Report:** No report

**District Committee:**

**Recommendation to change the name of "St. Mary's/1116 Columbia Street Local Historic District" to "St. Mary's/Lower Columbia Local Historic District"**

Shawna McCully presented a recommendation to change the name of St. Mary's/1116 Columbia Street Local Historic District" to "St. Mary's/Lower Columbia Local Historic District" in preparation of including the adjacent 1104 Columbia St. property into this district. Stephanie Rogers made a motion to recommend approval, Shawna McCully seconded. The motion passed unanimously.

**1104 Columbia Street (Hahn Groeber House)**

Shawna McCully presented a petition from Josie Toller for inclusion of 1104 Columbia Street into the existing St. Mary's/Lower Columbia Local Historic District. The home was originally built in the Colonial Revival style in 1902. The structure is rated as outstanding and is worthy of inclusion into the St. Mary's/Lower Columbia Local Historic District. Alec Williams made a motion to recommend approval of the petition, Ann Amato seconded. The motion passed unanimously.

**1300-1301 Brown Street (Biggs Pump Company)**

Shawna McCully recommended the creation of the new Erie Street Local Historic District and presented the petition of Ivy Meyer to include 1300-1301 Brown Street into the new local district. The industrial structure was originally the Biggs Pump factory built around 1870 and is currently rated as Notable. Shawna McCully made a motion to recommend approval of the petition, Annie Schap seconded.

**111 N. 6<sup>th</sup> Street (Long Center)**

A petition from the City of Lafayette for inclusion of 111 N. 6<sup>th</sup> Street into the existing Upper Main Local Historic District was presented. The Long Center (originally Mars Theater) was built in Neoclassical style in the 1920s. The structure is rated as outstanding and is worthy of inclusion into the district. Alec Williams made a motion to recommend approval of the petition, Ann Amato seconded. The motion passed unanimously.

**20 N. 6<sup>th</sup> Street (City Hall)**

A petition from the City of Lafayette for inclusion of 20 N. 6<sup>th</sup> Street (City Hall) into the existing Downtown Local Historic District was presented. The limestone structure was originally built and dedicated in 1959 and renovated in 1995. It is rated as contributing and is worthy of inclusion into the district. Shawna McCully made a motion to recommend approval of the petition, Alec Williams seconded. The motion passed unanimously.

**COA Committee:****835 Main Street**

Tabled until January meeting.

**Staff Report:** No report

**Public Comment:** No comment

**Adjournment**

There being no further business to bring before the Commission, Shawna McCully moved to adjourn the meeting. Alec Williams seconded the motion. The motion passed unanimously, and the meeting of the Historic Preservation Commission was adjourned at 7:11pm.

*Respectfully Submitted*  
*Michelle Conwell, Recording Secretary*

ESTIMATED COST OF PROJECT: \$37,000

The Lafayette Historic Preservation Commission is a nine-member board who meets monthly to review the COA applications that are subject to commission review.

The Lafayette Historic Preservation Commission cannot render judgment nor process an Application without the specific documentation listed below. It is the Applicant/Owner who must provide comprehensive documentation of the proposed project with adequate information so that there is a complete understanding of the project for the commissioners and staff when rendering a decision. Applications will NOT be processed without all required or requested documentation. An incomplete COA application may delay the COA review process.

These items must have been completed before submitting application: (Please check yes or no below)

1. Are all zoning approvals met and in compliance for the proposed work? Yes  No
2. Are there any Variances pending or necessary for the proposed work? Yes  No

**Documentation to be submitted with application:** (Minimum requirements for all COA Applications)

(Please place a check-mark at each listed item below that you include with this application)

- Photos of building exterior (all visible elevations) maximum of 4 photos to a 8 1/2"x11" sheet
- Complete drawings of proposed project
- Floor plans of affected levels
- Exterior elevations of all areas where work will occur (minimum 11"x17" sheet)
- Signed application
- Site plan (If project affects ground floor exterior)
- Sample or brochure plus specifications and color samples of all permanent materials to be used
- Written description of proposed project and 1 set of full-sized plans
- Photos of adjacent or attached structures showing locations of connection
- Electronic versions of complete drawings of the proposed project are acceptable

**NOTE: See categories below for specific projects and additional documentation as applicable.**

**WINDOW PROJECTS** (Additional Documentation)

(Check-mark all that apply)

- Elevation drawings of each window type
- Window section drawing(s): with head, sill, jamb, mullion, and muntins with all dimensions
- Condition statement of existing windows describing the type and extent of deterioration for windows to be removed or replaced. If replacement windows are proposed, submit photos showing condition and extent of deterioration.
- Note indicating whether or not windows are original
- Note on plan and elevations which windows are new and which are original to remain
- Note materials to fill in opening and indicate structure to be removed if applicable

**DOOR(S) PROJECTS** (Additional Documentation)

(Check-mark all that apply)

- Close-up photo(s) of the existing door(s) to be replaced and photos of doors on adjacent buildings
- Condition statement of the existing doors describing the type and extent of deterioration
- Door elevation drawing(s) of each door type
- Door section(s)
- Note on plan and elevations which doors are new and which are original to remain

**SIGNAGE** (Additional Documentation)

**(Check-mark all that apply)**

- Color photo(s) of the entire building with proposed location of the signage indicated.
- Close-up photo of the proposed signage location
- Detailed drawings showing the dimensions of the sign and how it will be attached to the building
- Description of the proposed sign and bracket materials, dimensions, sign lettering, signage lighting, and method of attachment to the building. We recommend you use existing holes where possible. If new anchorage holes are necessary, place anchorage in existing mortar joints and avoid damaging existing bricks and permanent exposed building materials.

**Please note:** Signage area and permits must be approved by the City of Lafayette Engineering Department.

**STOREFRONTS/FACADES, AWNINGS, SHUTTERS, AND OTHER ARCHITECTURAL ELEMENTS**

(Additional Documentation)

**(Check-mark all that apply)**

- Clear description, photos and elevation drawings of proposed signage, lighting, awnings, security systems, and accessibility provisions (i.e. lifts, ramps, handrails etc.).
- Color photos/elevations showing storefront/ façade of all floors as they relate to all proposed work.
- Drawings specifying the plan, section, and construction details.

**NEW CONSTRUCTION, ADDITIONS, GARAGES, AND CARRIAGE HOUSES** (Additional Documentation)

**(Check-mark all that apply)**

- Same requirements as listed on page 2 under **Documentation to be submitted with application**

**STOOPS, STEPS, FENCES, HANDRAILS, PORCHES, AND BALCONIES** (Additional Documentation)

**(Check-mark all that apply)**

- Color photos and construction plans detailing the location of the proposed stoops, steps, fences, handrails, porches, and balconies.
- Drawings specifying the proposed work, construction details, and installation method for all improvements under this section.
- Drawings of existing conditions without the proposed work

**ROOFS** (Additional Documentation)

**(Check-mark all that apply)**

- Color photos detailing the location of the roof(s)
- Drawings specifying the plans, construction details, and installation methods.

**STREETSCAPING** (Additional Documentation)

**(Check-mark all that apply)**

- Drawings and specifications of proposed site plan, including trees, plantings, grates, sidewalk amenities, signage, art work, sculptures, fountains, benches, tables, seating, etc.
- Drawings of the existing conditions without the proposed work

**Please note:** If the COA is approved, any changes or amendments to the approved COA will require additional review by city staff or the Historic Preservation Commission. An approved COA is valid for 12 months from the date of approval of the COA. After 12 months COA application must be resubmitted and reapproved by the HPC or Staff to continue the project.

**REQUIRED SIGNATURE:** The undersigned certifies that the statements set forth in this application including all drawings and specifications submitted herewith are true and correct, and agrees that the proposed improvements described in this application will be constructed in all respects in accordance with the approved COA as specified in the application, drawings and specifications submitted herewith. The undersigned further agrees to abide by any amendments approved to be part of this project by the Lafayette Historic Preservation Commission or Staff.

Applicant: (Print clearly or type) Shane Albregts

Signature of Applicant:  Date: \_\_\_\_\_  
Key: 386675ee6a32bc432a621893371dc3

Owner Print clearly or type) \_\_\_\_\_

Signature of Owner (if different): \_\_\_\_\_ Date: \_\_\_\_\_

**APPLICATIONS AND DOCUMENTATION:**

Applicant must provide 1 electronic copy or 1 hard copy of the completed and signed COA Application and all documentation noted to be submitted with COA Application including: Materials to be used, detailed written description of the project with dimensions, drawings to scale, construction methods, finishes, manufacturing brochures and specifications as well as clearly labeled photographs of the building and affected areas. Plus any additional documentation as requested by Staff or the COA Committee. Copies will be supplied to each Commissioner and the City Staff for the Lafayette Historic Preservation meeting.

The Commission follows the Secretary of Interior’s Standards for Rehabilitation and Guidelines for Rehabilitation Historic Buildings when reviewing applications. Applications should follow these standards and guidelines when applicable. Additional guidelines, Preservation Briefs, Bulletins and “The Resource Guide”, can be accessed on line at [www.lafayette.in.gov](http://www.lafayette.in.gov).

Certain work in a Historic District may be approved by the Staff in lieu of being reviewed by the Lafayette Historic Preservation Commission, but the applicant will still be required to submit this application for Staff review with all documentation as noted for the proposed project.

**Staff is authorized to approve the following:** Signs that comply with the guidelines, installation of storm windows, installation of re-skinning of canvas awnings and canopies of a simple design, installation of historically appropriate hand rails, temporary removal of historic building components for the purpose of repair, replacement of roof sheathing when there are no structural changes, removal of chimneys that are only visible from the rear of a structure, installation of stained or leaded glass windows, installation of appropriate historical shutters, removal of a non-original addition or alteration to a structure, and extension of an approved COA for up to one additional year if the project scope has not changed. If questionable, please contact Staff to determine whether your project must be reviewed by the Lafayette Historic Preservation Commission.

**APPLICATION SUBMITTAL DEADLINE:**

This COA Application Form and all supporting documentation **MUST** arrive by 12:00 noon on the deadline date established to be considered at the next Historic Preservation Commission Meeting. Any information not provided to staff in advance of the meeting may not be considered by the Commission during their deliberation. Please call if you have any questions and Staff will assist you.

**MEETING ATTENDANCE:**

For COA applications requiring review by the Lafayette Historic Preservation Commission attendance at the Commission Meeting is strongly recommended to present the project and answer questions. The Commission will also hear public comments prior to making a decision on the project. Failure by the Owner, applicant or contractor to attend such meetings may result in denial of the Application due to insufficient presentation.

**INSPECTIONS:**

All projects will be inspected while work is in progress and upon completion of the project to ensure compliance with the approved COA.

Owner acknowledges that while the Lafayette Historic Preservation Commission only considers Certificates of Appropriateness for exterior features, under certain circumstances it may be necessary for the Commission Staff to have access to the interior of the building in order to accurately assess the condition of the exterior feature(s). The lack of access to the interior may prevent the Commission Staff from making a favorable recommendation.

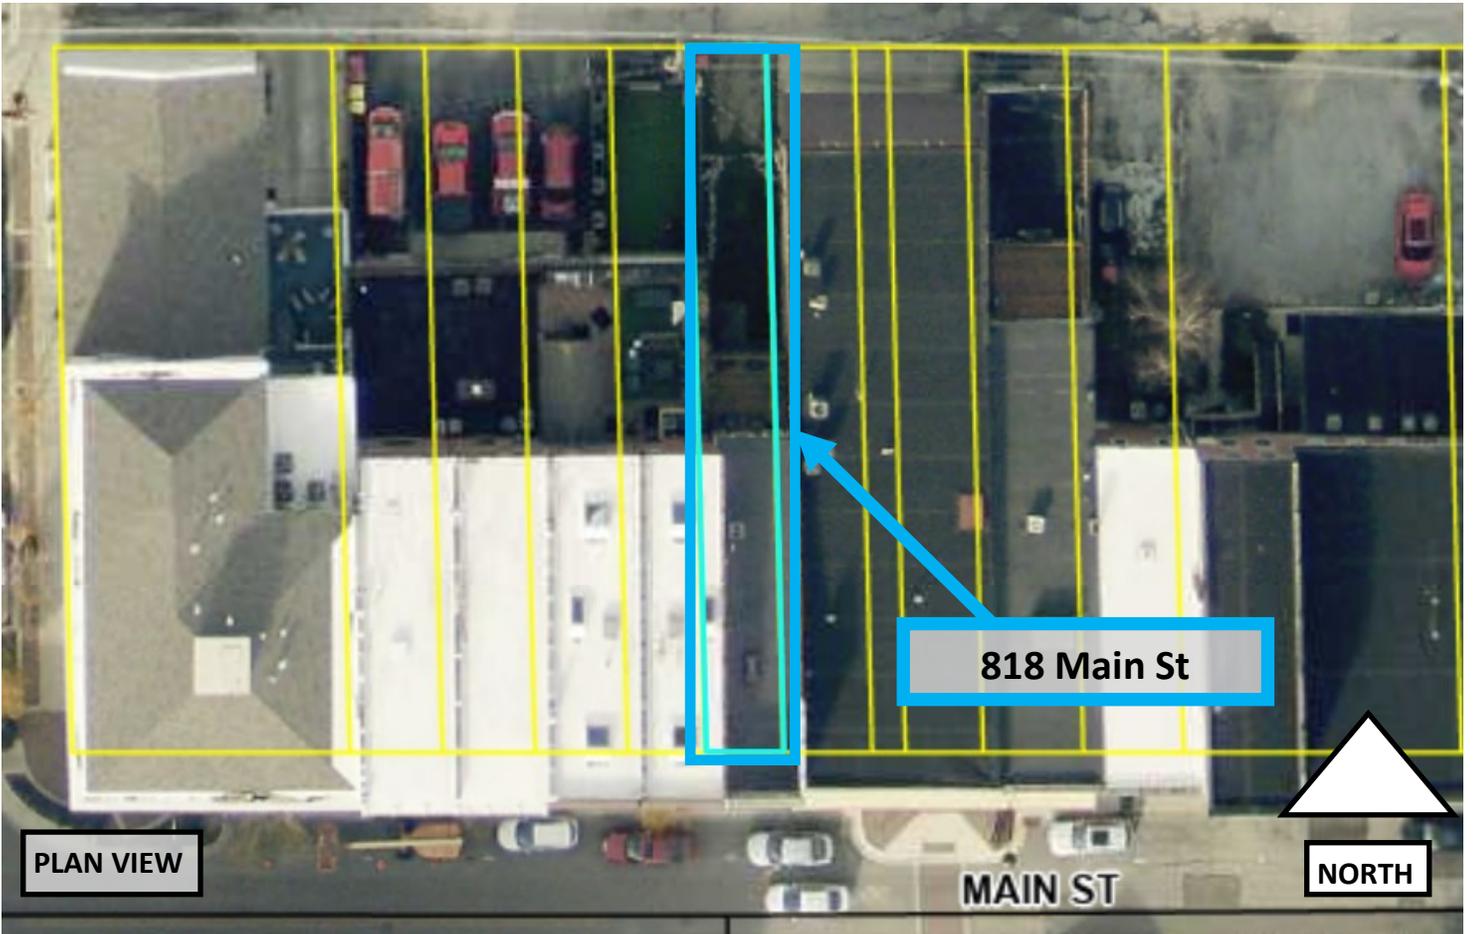

Applicant **MUST** notify the Commission Staff upon completion of the approved COA work for a final inspection of the improvements.

**WORKING WITHOUT A COA / DENIAL OF A COA**

Lafayette Staff inspectors regularly inspect historic properties to ensure compliance with approved Certificates of Appropriateness. When additional work has been commenced without an approved COA, a Staff inspector may issue a stop work order and request that the Owner seek an addendum to the original COA to include any additional work, revisions or changes. Work undertaken without a Certificate of Appropriateness is in violation of Title 12 of the Lafayette City Code, and the Lafayette Historic Preservation Commission may require that unauthorized changes in a historic structure be reversed and or completed in a satisfactory manner. If the work continues, a building official may issue a citation with a fine and the Historic Preservation Commission may institute suit for injunction to restrain the Owner from further violation and to cause the violation to be prevented, abated or removed. Please contact the Staff if there is any question about changing the scope of the work approved.

\*Include here submittal deadline and HPC meeting dates. (Change page numbers as required for pages added if necessary)

# BOUNDARY MAP & IMAGES OF 818 Main St

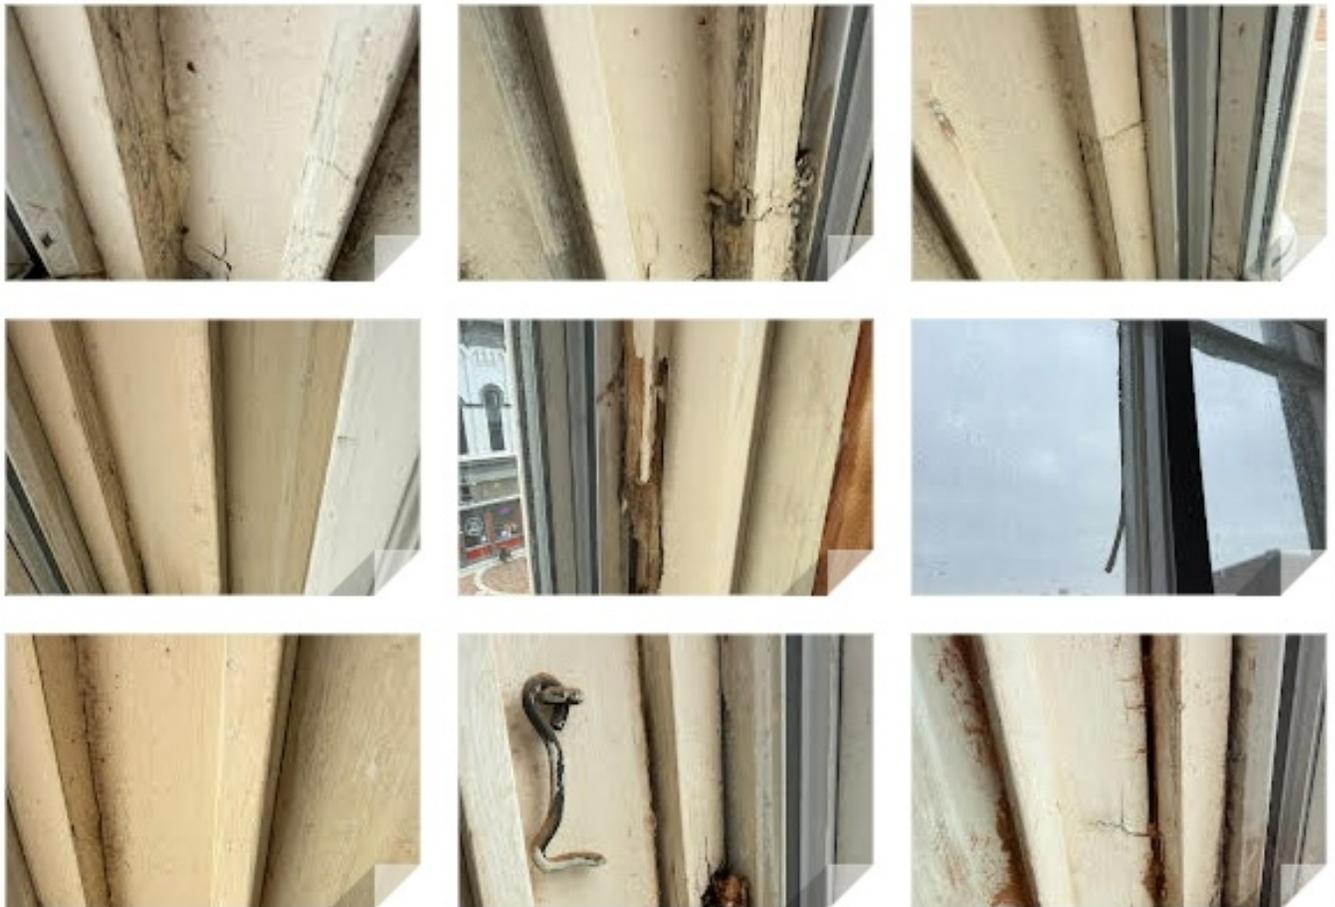

Hello,

I would like to replace some windows on my property at 818 Main Street. Specifically, I would like to replace 4 on the face of the building and one on the back (2<sup>nd</sup> level only, this does not affect the windows in the 1<sup>st</sup> floor commercial space. There is why I would like to upgrade the windows:

- the sashes are loose in the openings
- the frames have quite a bit of rot
- they are single pane
- they are very heavy and do not operate
- glazing is falling out

The existing windows are very inefficient, falling apart and are beyond the point of restoration. We would like to install new and very efficient Marvin windows

## UNIT SUMMARY

The following is a schedule of the windows and doors for this project. For additional unit details, please see Line Item Quotes.

Additional charges, tax or Terms and Conditions may apply. Detail pricing is per unit.

## PRODUCT AND PERFORMANCE INFORMATION

### NFRC Ratings:

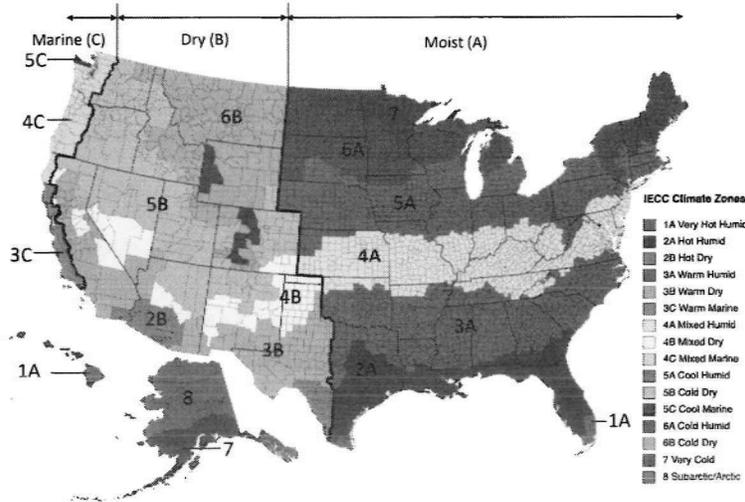

NFRC energy ratings may vary depending on the exact configuration of glass thickness used on the unit. NFRC energy values and ratings may change over time due to ongoing product changes, updated test results or requirements. NFRC values and ratings are finalized on the date of manufacture.

The National Fenestration Rating Council (NFRC) has developed and operates a uniform rating system for the energy performance of fenestration products, including windows, doors and skylights. For additional information regarding this rating system, see [www.nfrc.org](http://www.nfrc.org).

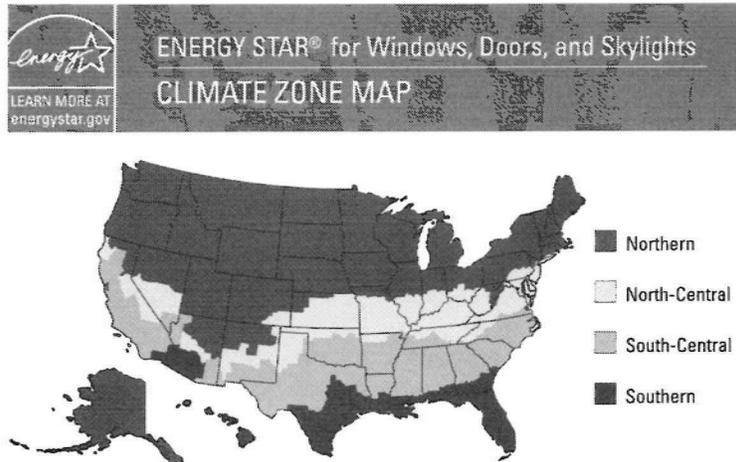

### Code (residential, building or energy) Compliance:

Determining the suitability and compliance with state, provincial, local, or other applicable building codes or standards, including energy codes, is the responsibility of the buyer, user, architect, contractor, installer, and/or other construction professional.

### 2021 IECC Climate Zone Map:

### ENERGY STAR Version 7 Climate Zone Map:

ESTIMATED COST OF PROJECT: \_\_\_\_\_

The Lafayette Historic Preservation Commission is a nine-member board who meets monthly to review the COA applications that are subject to commission review.

The Lafayette Historic Preservation Commission cannot render judgment nor process an Application without the specific documentation listed below. It is the Applicant/Owner who must provide comprehensive documentation of the proposed project with adequate information so that there is a complete understanding of the project for the commissioners and staff when rendering a decision. Applications will NOT be processed without all required or requested documentation. An incomplete COA application may delay the COA review process.

These items must have been completed before submitting application: (Please check yes or no below)

1. Are all zoning approvals met and in compliance for the proposed work? Yes \_\_\_ No \_\_\_
2. Are there any Variances pending or necessary for the proposed work? Yes \_\_\_ No \_\_\_

**Documentation to be submitted with application:** (Minimum requirements for all COA Applications)

(Please place a check-mark at each listed item below that you include with this application)

- \_\_\_ Photos of building exterior (all visible elevations) maximum of 4 photos to a 8 ½"x11" sheet
- \_\_\_ Complete drawings of proposed project
- \_\_\_ Floor plans of affected levels
- \_\_\_ Exterior elevations of all areas where work will occur (minimum 11"x17" sheet)
- \_\_\_ Signed application
- \_\_\_ Site plan (If project affects ground floor exterior)
- \_\_\_ Sample or brochure plus specifications and color samples of all permanent materials to be used
- \_\_\_ Written description of proposed project and 1 set of full-sized plans
- \_\_\_ Photos of adjacent or attached structures showing locations of connection
- \_\_\_ Electronic versions of complete drawings of the proposed project are acceptable

**NOTE: See categories below for specific projects and additional documentation as applicable.**

**WINDOW PROJECTS** (Additional Documentation)

(Check-mark all that apply)

- \_\_\_ Elevation drawings of each window type
- \_\_\_ Window section drawing(s): with head, sill, jamb, mullion, and muntins with all dimensions
- \_\_\_ Condition statement of existing windows describing the type and extent of deterioration for windows to be removed or replaced. If replacement windows are proposed, submit photos showing condition and extent of deterioration.
- \_\_\_ Note indicating whether or not windows are original
- \_\_\_ Note on plan and elevations which windows are new and which are original to remain
- \_\_\_ Note materials to fill in opening and indicate structure to be removed if applicable

**DOOR(S) PROJECTS** (Additional Documentation)

(Check-mark all that apply)

- \_\_\_ Close –up photo(s) of the existing door(s) to be replaced and photos of doors on adjacent buildings
- \_\_\_ Condition statement of the existing doors describing the type and extent of deterioration
- \_\_\_ Door elevation drawing(s) of each door type
- \_\_\_ Door section(s)
- \_\_\_ Note on plan and elevations which doors are new and which are original to remain

**SIGNAGE** (Additional Documentation)

**(Check-mark all that apply)**

- Color photo(s) of the entire building with proposed location of the signage indicated.
- Close-up photo of the proposed signage location
- Detailed drawings showing the dimensions of the sign and how it will be attached to the building
- Description of the proposed sign and bracket materials, dimensions, sign lettering, signage lighting, and method of attachment to the building. We recommend you use existing holes where possible. If new anchorage holes are necessary, place anchorage in existing mortar joints and avoid damaging existing bricks and permanent exposed building materials.

**Please note:** Signage area and permits must be approved by the City of Lafayette Engineering Department.

**STOREFRONTS/FACADES, AWNINGS, SHUTTERS, AND OTHER ARCHITECTURAL ELEMENTS**

(Additional Documentation)

**(Check-mark all that apply)**

- Clear description, photos and elevation drawings of proposed signage, lighting, awnings, security systems, and accessibility provisions (i.e. lifts, ramps, handrails etc.).
- Color photos/elevations showing storefront/ façade of all floors as they relate to all proposed work.
- Drawings specifying the plan, section, and construction details.

**NEW CONSTRUCTION, ADDITIONS, GARAGES, AND CARRIAGE HOUSES** (Additional Documentation)

**(Check-mark all that apply)**

- Same requirements as listed on page 2 under **Documentation to be submitted with application**

**STOOPS, STEPS, FENCES, HANDRAILS, PORCHES, AND BALCONIES** (Additional Documentation)

**(Check-mark all that apply)**

- Color photos and construction plans detailing the location of the proposed stoops, steps, fences, handrails, porches, and balconies.
- Drawings specifying the proposed work, construction details, and installation method for all improvements under this section.
- Drawings of existing conditions without the proposed work

**ROOFS** (Additional Documentation)

**(Check-mark all that apply)**

- Color photos detailing the location of the roof(s)
- Drawings specifying the plans, construction details, and installation methods.

**STREETSCAPING** (Additional Documentation)

**(Check-mark all that apply)**

- Drawings and specifications of proposed site plan, including trees, plantings, grates, sidewalk amenities, signage, art work, sculptures, fountains, benches, tables, seating, etc.
- Drawings of the existing conditions without the proposed work

**Please note:** If the COA is approved, any changes or amendments to the approved COA will require additional review by city staff or the Historic Preservation Commission. An approved COA is valid for 12 months from the date of approval of the COA. After 12 months COA application must be resubmitted and reapproved by the HPC or Staff to continue the project.

**REQUIRED SIGNATURE:** The undersigned certifies that the statements set forth in this application including all drawings and specifications submitted herewith are true and correct, and agrees that the proposed improvements described in this application will be constructed in all respects in accordance with the approved COA as specified in the application, drawings and specifications submitted herewith. The undersigned further agrees to abide by any amendments approved to be part of this project by the Lafayette Historic Preservation Commission or Staff.

Applicant: (Print clearly or type) \_\_\_\_\_

Signature of Applicant: \_\_\_\_\_ Date: \_\_\_\_\_

Owner Print clearly or type) \_\_\_\_\_

Signature of Owner (if different): \_\_\_\_\_ Date: \_\_\_\_\_

**APPLICATIONS AND DOCUMENTATION:**

Applicant must provide 1 copy of the completed and signed COA Application and all documentation noted to be submitted with COA Application including: Materials to be used, detailed written description of the project with dimensions, drawings to scale, construction methods, finishes, manufacturing brochures and specifications as well as clearly labeled photographs of the building and affected areas. Plus any additional documentation as requested by Staff or the COA Committee. Electronic versions may be submitted if available in addition to the 1 copy noted above. The COA Application will be supplied to each Commissioner and the City Staff for the Lafayette Historic Preservation meeting.

The Commission follows the Secretary of Interior’s Standards for Rehabilitation and Guidelines for Rehabilitation Historic Buildings when reviewing applications. Applications should follow these standards and guidelines when applicable. Additional guidelines, Preservation Briefs, Bulletins and “The Resource Guide”, can be accessed on line at [www.lafayette.in.gov](http://www.lafayette.in.gov)

Certain work in a Historic District may be approved by the Staff in lieu of being reviewed by the Lafayette Historic Preservation Commission, but the applicant will still be required to submit this application for Staff review with all documentation as noted for the proposed project.

**Staff is authorized to approve the following:** Signs that comply with the guidelines, installation of storm windows, installation of re-skinning of canvas awnings and canopies of a simple design, installation of historically appropriate hand rails, temporary removal of historic building components for the purpose of repair, replacement of roof sheathing when there are no structural changes, removal of chimneys that are only visible from the rear of a structure, installation of stained or leaded glass windows, installation of appropriate historical shutters, removal of a non-original addition or alteration to a structure, and extension of an approved COA for up to one additional year if the project scope has not changed. If questionable, please contact Staff to determine whether your project must be reviewed by the Lafayette Historic Preservation Commission.

**APPLICATION SUBMITTAL DEADLINE:**

This COA Application Form and all supporting documentation **MUST** arrive by 12:00 noon on the deadline date established to be considered at the next Historic Preservation Commission Meeting. Any information not provided to staff in advance of the meeting may not be considered by the Commission during their deliberation. Please call if you have any questions and Staff will assist you.

**MEETING ATTENDANCE:**

For COA applications requiring review by the Lafayette Historic Preservation Commission attendance at the Commission Meeting is strongly recommended to present the project and answer questions. The Commission will also hear public comments prior to making a decision on the project. Failure by the Owner, applicant or contractor to attend such meetings may result in denial of the Application due to insufficient presentation.

**INSPECTIONS:**

All projects will be inspected while work is in progress and upon completion of the project to ensure compliance with the approved COA.

Owner acknowledges that while the Lafayette Historic Preservation Commission only considers Certificates of Appropriateness for exterior features, under certain circumstances it may be necessary for the Commission Staff to have access to the interior of the building in order to accurately assess the condition of the exterior feature(s). The lack of access to the interior may prevent the Commission Staff from making a favorable recommendation.

Applicant **MUST** notify the Commission Staff upon completion of the approved COA work for a final inspection of the improvements.

**WORKING WITHOUT A COA / DENIAL OF A COA**

Lafayette Staff inspectors regularly inspect historic properties to ensure compliance with approved Certificates of Appropriateness. When additional work has been commenced without an approved COA, a Staff inspector may issue a stop work order and request that the Owner seek an addendum to the original COA to include any additional work, revisions or changes. Work undertaken without a Certificate of Appropriateness is in violation of Title 12 of the Lafayette City Code, and the Lafayette Historic Preservation Commission may require that unauthorized changes in a historic structure be reversed and or completed in a satisfactory manner. If the work continues, a building official may issue a citation with a fine and the Historic Preservation Commission may institute suit for injunction to restrain the Owner from further violation and to cause the violation to be prevented, abated or removed. Please contact the Staff if there is any question about changing the scope of the work approved.
