Organizers Confirm Stars and Stripes Celebration Will Proceed as Planned *Weather Should Not Impact Plans*

LAFAYETTE, INDIANA – July 3, 2024 – Organizers of the Stars and Stripes Celebration, after meeting with Tippecanoe Emergency Management Services and Public Safety Officials, have announced that the annual Stars and Stripes community celebration will proceed as planned. Despite anticipated storms, current models indicate a clear window from 5:00 PM to midnight on Thursday.

The Stars and Stripes community celebration, held annually at Riehle Plaza, is filled with music, food, festivities, and fireworks. “After months of planning and work by dozens of volunteers and vendors, we are pleased that the weather is cooperating,” states Committee Chairperson Cindy Murray. “We will be carefully watching any emerging weather and remain committed to ensuring a safe and enjoyable experience for all.”

A complete program for the evening can be found at Lafayette.in.gov/starsandstripes and includes food trucks and vendors, a concert by the Lafayette Citizens Band, and more, culminating with a rousing fireworks display originating from the Harrison Bridge.
